ART DE LA TABLE

SELETTI

S ELETTI - A charming place that links design to pop art.

From its very first year in 1964, Seletti in Cicognara, Mantova, has followed its principle of professionalism service and constant research to strive for betterness innovation and originality. The company focuses on design projects and on creative characteristic Italian excellence. The collections containing art blended with daily life icons, send a message of shape and function, conveying to its customers a vision for a unique, personal and fun lifestyle. Today Seletti aims at new productions, an ongoing journey within the idea of beauty.

The Seletti Art de la Table collection celebrates the joining of different cultures with colours, graphics, shapes and diverse materials under the same name of one big family. Collections able to unite imagery from the orient and western world that speak the same language and complement the same table.

Design products - refined and conceptual for an eclectic mix of inspiration and shape. Thus, Baroque shapes co-live with clean, minimalist lines - product characterised by a traditional spirit but sought after and naughty at the same time.

A story of evolution and renewal for an unlimited series, always able to dress any table with any personality.

WITH
SELETTI

The irreverent and visionary spirit of DIESEL met in the SELETTI ideal universe: and together they revolutionised the style. The dedicated creative team of Diesel Living works closely with the Seletti design team on a collection made to be a perfect fusion between Diesel lifestyle and Seletti creativity and know-how.

“Life in Space” has always been a big inspiration for Diesel, together with the cyber punk futuristic approach. It’s a mysterious and fascinating world that inspires several products with spaceship shapes and details and textures from technical machinery.

Cosmic Diner is the perfect expression of this reference world, where Spaceman is the protagonist together with the printed dining table set, glasses, cutlery, candle holders... a full set of tabletop and objects with a lot of Cosmic personality.

Another big inspiration is the world of workwear and mechanics, a world of embellished and reinterpreted industrial gears. The kitchen celebrates the workshop and the house becomes a construction site with the **Work is Over** collection, inspired by iconic construction tools using colourful ceramic and concrete.

Machine Collection is the “basic - not so basic” table set in “classic” white or with a handmade silver finish decoration which gives a sense of elegance to the tableware.

From the contamination of fashion and design with a touch of rock and roll, metal and punk comes **Wunderkammer** - A collection of gorgeous eclectic rarities in gold and silver coloured metal.

Monsters and oddities that tell a crystallized and unique story. Objects to be collected in an environment which create small universes of their own and invent new functions. They can be exhibited together as an evocative composition, or alone, to impress character in any corner of the home.

Party Animals is the more ironic collection, a celebration of Party and Wilderness! Ceramic cocktail mugs if you feel as regal as a Horse, as arrogant as a Leopard; if you are impetuous like a Bull or curious like a Bear. Let your primal instinct free and enjoy your Party Animal!

Organizing with style is our motto! Military surplus is all about rationality and function but what we love the most there is the look! Military details and shapes with a touch of contemporary... A precise palette of colours, materials patterns, sizes and textures to hide the mess, organize in style with our beautiful **Survival Boxing System!**

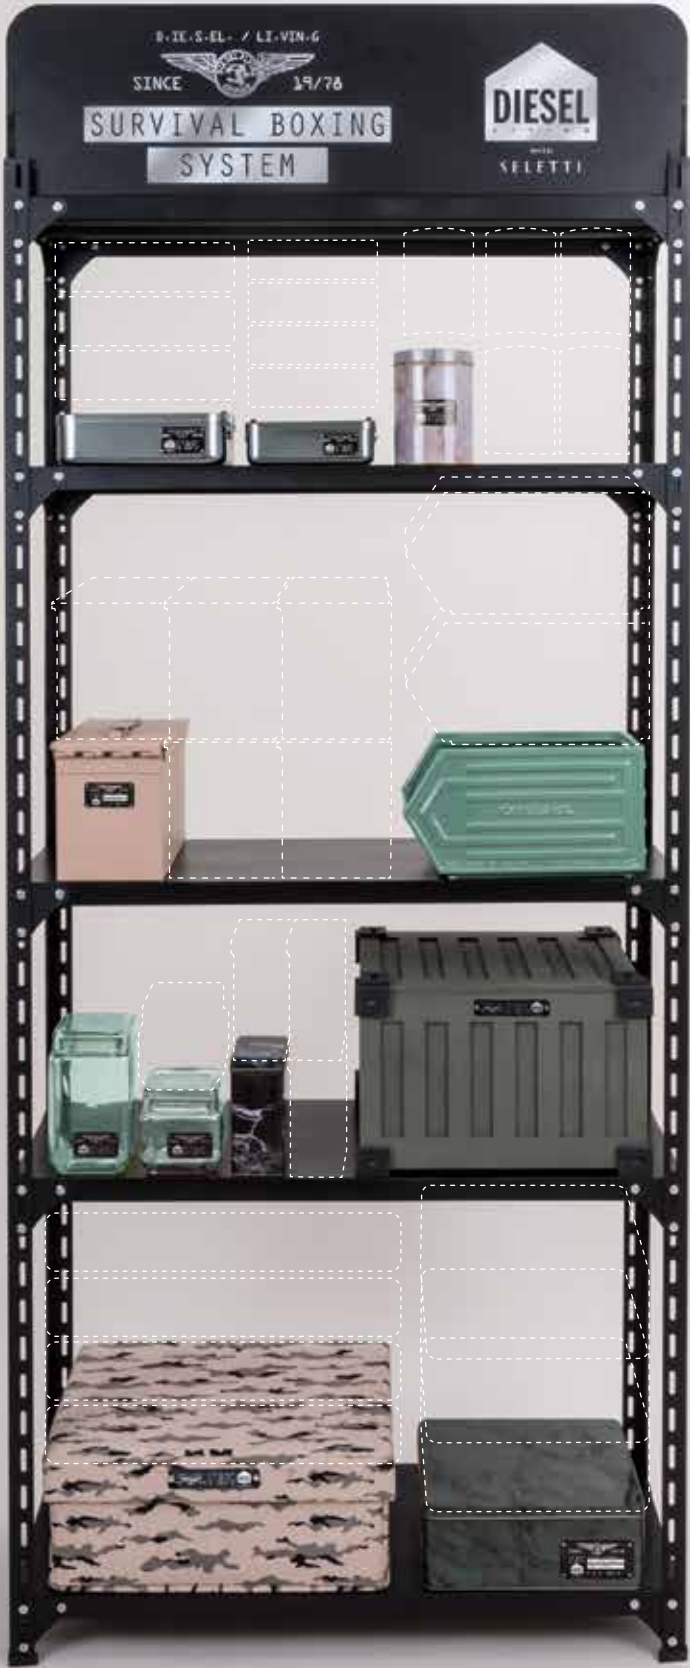

Diesel Living with Seletti is a shot of personality for homes and interiors; a mix of industrial styles, dark and adrenalized rock & roll with a splash of bright-toned, mischievous pop. The vintage spirit look, and aesthetic clashes add lustre; textures and surfaces hold surprises, and furniture and objects communicate a racy and provocative spirit... for successful living.

MARCANTONIO

A charming place that links design to pop art. From its very first year in 1964, Seletti in Cicognara, Mantova, has followed its principle of professionalism service and constant research to strive for betterness innovation and originality. The company focuses on design projects and on creative characteristic Italian excellence. The collections containing art blended with daily life icons, send a message of shape and function, conveying to its customers a vision for a unique, personal and fun lifestyle. Today Seletti aims at new productions, an ongoing journey within the idea of beauty.

The SELETTI furniture collection takes its form from unusual interpretations, unexpected intuitions and an unconditional love of architecture. Ideal forms, with distant but modern influences from Italian Renaissance to Art Nouveau, from Pop Art to American street food imagery of eclectic and irresistible beauty, both formal and casual at the same time.

Seating and cushions, coffee tables and rugs with hypnotic graphics, personable bookcases - all give character to the living area. Animal shaped furniture with strong personality go well in any room; a Tribal mirror set, to turn dreams into reality.

Any environment is perfect for the SELETTI furniture Collection, each one finding the right combinations to let colour triumph.

SELETTI

A charming place that links design to pop art. From its very first year in 1964, Seletti in Cicognara, Mantova, has followed its principle of professionalism service and constant research to strive for betterness innovation and originality. The company focuses on design projects and on creative characteristic Italian excellence.

The collections containing art blended with daily life icons, send a message of shape and function, conveying to its customers a vision for a unique, personal and fun lifestyle. Today Seletti aims at new productions, an ongoing journey within the idea of beauty.

Light for SELETTI is discovery, renewal, continuing research and experimentation, just like the human being. A group of product joined together with an insolitary common denominator that is, a totally new way of thinking! Thus, animals, everyday objects and even food are turned into surprisingly shaped lampshades. This is Furniture and decorations.

Inspiration comes from pop imagery contemporary and modern art, from design and the natural world creating a collection adaptive to rendering a space very special. In addition to the strong creative content, all products are manufactured according to the latest certified technologies in the LED industry and are suitable for inside and outside environments as well as hotels, stores and restaurants.

With Seletti any room anywhere becomes immediately special... not only with lights.

TOILETPAPER

Exceptional collection of tableware and objects born out of the collaboration between the surrealist geniuses Maurizio Cattelan and Pierpaolo Ferrari and the approachable nature of the world's most eccentric design brand SELETTI.

With its black humour in pastel colours and the inexhaustible instinct for experimentation, Seletti wears Toiletpaper is a collection of cult following. These are the must-haves of those who dare with style. TOILETPAPER Magazine images become unusual and extraordinary decorative motifs. "I have been a fan of TOILETPAPER Magazine since the first issue came out and I always wished I could use those wonderful images for our products", says Stefano Seletti. "I kept thinking how to take these pictures into the homes of our clients. Just one meeting with Maurizio and Pierpaolo was all it took to create a connection between us and to share the idea of mixing affordable and familiar materials like tin and plastic with unexpected images.

That's how SELETTI WEARS TOILETPAPER has become by far, the most up-to-the-minute range of homeware products proposed on the market today. Its exclusive character" he adds, "is not given by economic inaccessibility but, instead, by the intellectual audacity of those who choose to buy it". The style of the collection is successful because it is applicable to a wide range of products, sold around the world, from the MOMA museum in New York to the Palais de Tokyo in Paris and to Tate Modern in London. The SELETTI wears TOILETPAPER fever is still spreading! "Right from the beginning we liked the idea that TOILETPAPER was a label that could be applied to a broad series of objects: magazines, books, plates, mugs and tablecloths. Pierpaolo and I are like sadistic scientists: everything that's around us can be infected by the TP virus, we continually test different samples and we analyze the results, so that TOILETPAPER can become a style, and not just a photograph", says Maurizio Cattelan. "Just like TOILETPAPER's images, the collection designed with Seletti has a vintage charm; the tin mugs and plates look like they were just taken out from a fifties' kitchen pantry, the oilcloths from the drawers of a suburban inn". "We often have fun by making our pictures become objects, clothes and accessories" – says Pierpaolo Ferrari. "TOILETPAPER's images can become both a bathing suit and a Formula 1 car. The important thing is not to betray the spirit and nature of the magazine, which is ironic and unsettling at the same time. Today, thanks to Seletti, the images have become real objects!"

Job & SELETTI

BLOW

Job & SELETTI

SELETTI together with the quirky duo, Job Smeets and Nynke Tynagel create the craziest and most innovative brand collaboration with unconventional and irresistibly cheeky designs. Hot dogs, sensual lips, eggs and herbs contaminate the pushy styles of these hyper-realism Pop Artists. Haute couture design becomes prêt-à-porter loaded with a disruptive force that transforms any object into a sculpture.

Blow and Un_Limited: Not just a collection of objects. BLOW is a new multi-faceted design brand, aimed at the concept of affordable design. This new family of objects in a “pop” spirit includes rugs, LED lamps, foldable chairs, a set of porcelain plates and mirrors. Its first capsule collection again highlights once more Seletti’s passion for unconventional projects. Stefano Seletti, the brand’s art director, explains: “I love working with Job and Nynke. Since our first project Industry Collection, three years ago, we decided this collaboration should go further. And we decided not to limit ourselves to single objects but rather to create a whole new collection of brand new items. At Seletti we love the idea of overturning the concept of ‘exclusive’ and we relate it to standards, which are different from mere economic value. We transform exclusivity in to accessibility for our customers’ personal tastes and culture. Our collections can be hated or loved. There is no middle ground!”

With BLOW, Seletti & Studio Job explore once more a new way of approaching design, involving cutting-edge experiences and innovative thinking. The whole concept of the BLOW collection is driven by the will to offer design aficionados dream-like objects created by the unmistakable fantasy of Studio Job, allowing them to furnish their homes with unique objects with an affordable touch. Job Smeets enthusiastically says: “Hey Design world! BLOW your heart out! This year we’re really going for it! We feel strong, happy and seductive!”.

The innovation and originality concepts are also the core of Studio Job in exploring the limitations between the design and art world. Studio Job and Seletti decided to create a new design project, wherein there is no room for limits of whatever nature. Is it art? Is it design? Or is it a sofa? That’s UN_LIMITED EDITIONS. Seletti’s first venture into the upholstery world – namely a sofa and an armchair – as well as the reinterpretation of two lamps, which, in their art series, have become some of the symbols of Job Smeets and Nynke Tynagel’s philosophy. Stefano Seletti, art director of the brand, comments: “There is nothing more liberating for a brand like Seletti than taking some precious art objects and transforming them into something accessible to everybody. It was a challenge for us to take the most interesting art producers in the design world and conceive with them a collection which accents the exclusivity of art and preserving accessibility at the same time. Job and Nynke were on board from the very first moment in this crazy adventure. Our goal is to let these new objects invade houses all around the world”.

The Hot Dog and the Hamburger - global icons of Pop food – are transformed into actual furniture and form the “Fast Food Furniture” collection: the open hot dog bun is the actual structure of the sofa and it hosts an upholstered sausage acting as a back cushion; likewise, the hamburger bun features a seat in the shape of a hamburger, a pickled cucumber as armrest and a slice of tomato as back cushion. These flashy new pieces, clearly inspired by the pop-side of the American culture, are paired with two special projects, which are the symbol of how precious limited editions can become affordable. The famous Banana Lamp, The Tiffany Tree and The Cat Lamp, thanks to this new collaboration, are transformed into something equally precious in terms of design but at the same time affordable to many more users.

Job Smeets: “We went banana’s on Fast Food Furniture”
